

# Introduction

# UX First, UI later.

What is UX and Why is it matter ?

# Why Design? Why Now?

Design is all around us: from the chairs in our home, to how we read the news, to the screens on our smartphone. But what's in it for you?

Lilian Fernando

*I'm juggling so many aspects of my business – there must be a shortcut or way of outsourcing my needs.*

Demographics

Age: 31

Gender: Female

Marital Status: Single

Income: \$67,000/year

Location: Austin, Texas

Defining Traits

1. Self-motivated

2. Creative

3. Enthusiastic

Professional Background

Education

M.S. in Nutrition, Texas Woman's University

Company / Job Title

Nourish Juice Bar / Founder & Owner

Work Experience

After graduating with a master's in nutrition, Lilian began her career in community health by promoting healthy eating habits in schools and nursing homes. She then became a Nutritional Health Coach at her local YMCA for six years, departing only recently to pursue her dream of opening a juice bar.

Personal Preferences

Interests

Cycling, kayaking in Lake Travis, comedy shows, fine dining with friends, volunteering at the local animal shelter

Favorite Brands & Products

Adidas, H-E-B, Garmin, Keurig, Magic Bullet Blender, Orangetheory Fitness, SoulCycle

Psychographics

Values

Efficiency, responsiveness and clear communication, work-life balance

Goals

Grow Nourish Juice Bar's online presence through blogging and social media outreach

Challenges & Frustrations

Lack of time to write, difficulties finding competent freelancers

Communication Style

# Interaction design dimension

# 1. Bahasa

Bahasa sebagai alat komunikasi utama sangat penting dalam interaksi antarmuka.

## 2. Visual

Bahasa sebagai alat komunikasi utama sangat penting dalam interaksi antarmuka.

Kenali iPhone lebih dalam.

Jelajahi jajarannya.

[Bandingkan semua model >](#)

### 3. Space/ Physical Object

Mouse, stylus, panel sentuh, dan layar taktil adalah alat yang memungkinkan pengguna untuk berinteraksi

# 4. Time

Fokus pada interaksi waktu ini adalah meningkatkan pengalaman berinteraksi dengan konten pendengaran, audiovisual, dan animasi (dan oleh karena itu dialami sebagai konsekuensinya), namun itu bukanlah satu-satunya hal yang penting.

# 5. Behavior

Aplikasi dan produk digital biasanya dirancang untuk memungkinkan pengguna melakukan tugas dan mencapai tujuan dalam setidaknya beberapa cara. Merancang Interaksi di area operasi memungkinkan kita untuk mengarahkan reaksi yang terjadi selama aktivitas.

# DEMO INTERACTION DESIGN
